EDUCATION

MD	Doctor of Medicine The Norton College of Medicine, SUNY Upstate Medical University	Anticipated May 2033
PhD	Doctor of Philosophy, department undeclared The College of Graduate Studies, SUNY Upstate Medical University	Anticipated May 2033
MPH	Master of Public Health in Epidemiology The Mailman School of Public Health, Columbia University	May 2025
AC	Advanced Certificate in Applied Biostatistics & Data Science The Mailman School of Public Health, Columbia University	May 2025
BS	Bachelor of Science in Biology, Minor in Chemistry The College of Arts and Science, SUNY Cortland	May 2023

APPOINTMENTS

SUNY Upstate Medical University

June 2026 – Present

Health Sciences Graduate Assistant, MD/PhD Program

Completes responsibilities associated with clinical and research training. Maintains knowledge of relevant scientific and clinical literature and ongoing developments in biomedical research. Attends weekly Grand Rounds and required MD/PhD coursework. Carries out administrative tasks for the program as available or assigned by supervisor/program director. Performs teaching and mentorship tasks for the college of graduate studies and/or the college of medicine as available or assigned by supervisor/program director.

New York State Department of Health

May 2024 – December 2024

Student Assistant, Division of State Emergency Medical Services Data and Analytics Branch

Manage data handling and analysis across various projects required by the Department of Health. Developed statewide educational resources for appropriate documentation of healthcare treatment metrics by prehospital clinicians, attended regional and statewide meetings, and collaborated across divisions and agencies to complete data infrastructure projects.

SELECTED RESEARCH EXPERIENCE

SUNY Upstate Medical University, College of Graduate Studies

October 2025 – Present | Supervised by Dr. Auyon Ghosh, Department of Microbiology & Immunology
Graduate Student Researcher – project description coming soon

June 2026 – July 2026 | Advised by Dr. Adam Waickman, Department of Microbiology & Immunology
Graduate Student Researcher – project description coming soon

Columbia University Mailman School of Public Health, Department of Epidemiology

August 2024 – May 2025 | Advised by Dr. Zachary Mannes

Graduate Student Researcher – Characterizing Disparities in Prehospital Care Among Older Adults

Designed and conducted an epidemiologic analysis of NYS EMS data to investigate disparities in prehospital care among older adults. Applied multivariable regression modeling to evaluate the role of social determinants in EMS utilization and

Kaleb J. Frierson - 1

care outcomes and aimed to inform equitable emergency response for aging and at-risk populations. Report of this work served as thesis in partial completion of graduation requirements for the Master of Public Health degree in Epidemiology.

SELECTED TEACHING EXPERIENCE

SUNY Upstate Medical University

August 2026 – December 2026

Teaching Assistant, Introduction to Rural Health Care | Instructor of Record: Dr. Lauren Meyer

Assist in the development of the course schedule and topic list. Help address student questions during class sessions. Lead an educational lecture or activity at least once during the course.

LEADERSHIP & SERVICE

SUNY Upstate LCME Independent Student Analysis Task Force

August 2025 – May 2027

Class of 2029 Representative

Develop and implement survey across all class years of medical students, including those in dual degree programs, as part of LCME reaccreditation process. Navigate budgetary requests for survey incentives, meet regularly with task force to analyze quantitative and qualitative data. Co-author report for the LCME site visit staff as well as the senior administration in the College of Medicine.

PUBLICATIONS & SELECTED PRESENTATIONS

Frierson, K., Bearup, N., Burnett, S., J. Carlile, A., Mannes, Z. 2026, *Place-based social vulnerability is associated with prehospital fall emergencies and transport outcomes*. In preparation for Prehospital Emergency Care.

Frierson, K., Bearup, N., Burnett, S., J. Carlile, A., Mannes, Z. May 2026, *Place-based social vulnerability is associated with prehospital fall emergencies and transport outcomes*. Resilience and Action in Central New York: Uniting Public Health Conference, SUNY Upstate Medical University.

Frierson, K. 2023, *New York Should Classify Emergency Medical Services as Essential*, Guest Editorial, The Post-Standard, Syracuse, NY

INVITED TALKS

How Epidemiology Can Inform Clinicians

New York State Vital Signs EMS Conference | November 15, 2025

Presented an overview of prehospital disparities affecting older adult patients, highlighting how epidemiologic methods can identify risk factors, care gaps, and social determinants that impact EMS outcomes. Emphasized actionable strategies for EMS providers to improve care quality and equity through data-informed practice.

Anaphylaxis: Pathophysiology and BLS Management

NYS Department of Health – Division of State EMS Online CME Program | June 24, 2025

Provided a clinical and epidemiologic review of anaphylaxis recognition and management, emphasizing the pathophysiology, BLS treatment protocols, and prehospital decision-making.

Injury Epidemiology: The 4 Ws of Prehospital Injuries

NYS Department of Health – Division of State EMS Online CME Program | May 27, 2025

Presented an overview of injury epidemiology, focusing on who, what, when, and where injuries occur in prehospital settings, with implications for EMS surveillance, prevention, and policy.

Respiratory Distress: Pathophysiology and BLS Management

NYS Department of Health – Division of State EMS Online CME Program | April 29, 2025

Delivered a statewide continuing education lecture on the physiologic mechanisms of respiratory distress and evidence-based BLS management strategies for EMS clinicians.

SKILLS & CERTIFICATIONS

Programming & Analysis: R, Stata, SAS

Certifications: Advanced EMT, NY State Department of Health; Basic Life Support, American Heart Association; Stop the Bleed Instructor, American College of Surgeons

PROFESSIONAL AND ACADEMIC AFFILIATIONS

AI in Medicine Interest Group | October 2025 – Present

Internal Medicine Interest Group | September 2025 – Present

Emergency Medicine Interest Group | September 2025 – Present

American Physician Scientist Association | July 2025 – Present

American College of Physicians | July 2025 – Present

American Thoracic Society | July 2025 – Present

Delta Omega Honorary Society of Public Health | Inducted May 2025

Beta Beta Beta Biological Honor Society | Inducted May 2021

HONORS AND FELLOWSHIPS

Director's Citation | December 2024

For recognition of commitment to advancing EMS as a member of the Data & Informatics Unit at the New York State Department of Health, Division of State Emergency Medical Services.

Excellence in Leadership Award | May 2023

Awarded to a SUNY Cortland community leader who demonstrates exemplary leadership abilities while serving in a leadership position. This award was associated with work with SUNY Cortland EMS.

Outstanding Student Leader Award | May 2023

Awarded to SUNY Cortland students who demonstrate leadership in campus activities.

Dr. Timothy J. Baroni Scholarship in Biology | August 2022

This scholarship was established to support dedicated students in the field of biology. Recipients will be undergraduate biological sciences majors with a cumulative GPA greater than 2.80.

Undergraduate Research Council: Summer Research Fellowship | May 2022

Funding award to an undergraduate researcher for eight weeks of dedicated inquiry.

Outstanding Undergraduate Research in Biological Sciences | May 2022

Awarded to an undergraduate student in Biological Sciences for exceptional independent research that resulted in a presentation or publication.
